VAVS Report – June 2022

Annually the Detachments within the Department of Pennsylvania supporting the VAVS program have accumulated the following statistics.

These 15 detachments did an outstanding job of taking care of our veterans at VA hospitals, nursing homes, and many other locations too many to mention. Having said that here is the statistical information.

Number of volunteers **974**, Number of miles traveled **42,414**, Number of hours donated **6,076**, Amount of money / value of items donated **\$11,270.00**

This year’s winners in the category I are 1st place Central Bucks Detachment #636; 2nd place is Tun Tavern Detachment #309, and 3rd place is Rolling Rock Detachment #738. Category II winners are 1st place Lewis B. Puller Jr. Detachment #524, 2nd place Bob Smith Detachment #784, and 3rd place is P.W. Milano Detachment #299. Category III winners are 1st place First Capital Detachment #521, and 2nd place is Northampton County Detachment #298.

Below is a listing of all Detachments within the Marine Corps League Department of Pennsylvania that have submitted reports throughout the entire year.

This listing identifies those detachments that participated in the 2021 – 2022 VAVS program, along with the stipend amount due to each detachment for the first and second half of the fiscal year. The third and fourth quarter stipend checks will be given out at the annual Marine Corps League Department of Pennsylvania Convention.

I would like to thank all the Detachments that have continued to make the effort to participate in the VAVS, while dealing with these ever-continuing troubling times of COVID and reduce access to our veterans.

Respectfully Submitted
Frank Walker
