

October 1, 2023

#### 4<sup>th</sup> Qtr Rpt. HOLLIDAYSBURG VETERANS HOME

Since MAY 2, 2023, the ground breaking tents for guests and dignitaries of the Commonwealth came down and earth moving equipment began grading the site for the new building. One of the construction casualties was parking space for visitors and Council. Yet the Staff and Volunteers seemed to adjust to conditions and Council as well, so life goes on at HVH.

.With the building underway, and the new leadership of the Commonwealth in-place, Council's need for replacements is beginning to move in a more orderly fashion. The new Representative for the MOPH was appointed and seated at the 2<sup>nd</sup> Qtr. meeting. A new vacancy for the MOAA representative is moving apace, with a resignation for the departing member, and the credential, recommendation and bio for the new candidate have been received by the PAWC MOAA member. A third opening needing a member is nearing close with inquiries for a potential candidate.

We have been requested to put our minutes on-line with the DMVA facilitating the process. To meet our Council's responsibilities, a Council Secretary has been elected to fill the post. The Secretary of Council will certify and sign the final accepted minutes as they are approved by Council. In the absence of the Secretary, the Council President will fulfill this duty.

Duffy Hines, Marine Corps League.  
President, HVH Advisory Council
