

October Fall Growl  
Pack Leaders Report

10/20/2023

Woof Woof

I want to thank everyone for nominating and voting for me it really surprised me I never thought I would be at this position. I want to thank all my officers for stepping up to take their positions. I offered training for our officers and to anyone who would like to learn a job. For the first time in a long time all officer positions are filled.

I'm learning a lot fast as my officers are too. We are learning that there are a lot of pounds with older members and it's hard for them to come out and do things. We offered to the pounds our help, we would go to their growls and brainstorm on what will work to help them so far, we are coming up with we need younger members. We have to advertise for members both in the detachments and in the pounds, they have to be in a detachment to be in the pounds. Some of the pounds refused our help and decided to hand in their charter.

We are working on updating all pound information and updating the web site and it should be up to date now.

We are going to change how we run the growls, there is going to be more fun and honor then business, our reports will be online and some hard copies on the back table. We will also be having food and drinks available before the growls, and we will have donation jars out to help pay for this food and drinks. We will have games and things to do during the growl. Plus, a lot of fines so bring your bones.

We found out that this is the 75<sup>th</sup> year of the Pa pack so we will be doing something at each growl to celebrate. We will have patches, shirts and challenge coins for sale to start.

Woof Woof

Worthy Pa Pack Leader
