

Senior Vice Commandant Report:

New Fiscal Year! Thank you for trusting me and electing me for a second term as your Senior Vice Commandant. I will be not only doing all I can to be the best SVC in the Department but working closely with Commandant Henry to train to become your next Commandant in 2025 if the membership will have me.

AWARDS: There were many awards passed out at the past Department Convention and for those Detachments/members who were not present to receive them in person, they were sent along with your Division Vice Commandants for presentation at your Detachment meetings. If you think you should have had an award, and have not received it to date, please reach out to your District Vice Commandant to report that information.

LEADERSHIP TRAINING: The next training will not happen during this fiscal year. I will be working with the Junior Vice Commandant to plan our next training for September of 2025. Look for more information as the time draws closer.

DETACHMENT VISITS: Although I would love to visit Detachments, having as many as we do in the Department of PA, we trust our Division Vice Commandants to assist more locally. However, if an invitation and a need arise, I will make myself available as my circumstances permit to visit in person.

COMMANDANT'S COUNCIL: As you all should know by now, we have implemented a new Detachment Commandant Report. We are asking these reports be completed and returned to the Adjutant for posting on the website each quarter. The due dates are stated on the form itself. This document can be found on the Department website. Commandant's Council will have more training and discussions.

In closing, if you are on Facebook, please join the Department Facebook page where a wealth of information is continuously being posted. Share this information on your Detachment pages and if you are ready to start a Detachment Facebook, contact one of our Public Affairs Officers. Keeping your members informed is very important, no matter what route they get their information.

Semper Fidelis!

Respectfully Submitted,
G. Victoria McCoy
