SUBJECT: 1st QUARTER MEMBERSHIP BENEFITS REPORT

During the period June 9, 2025 to September 26, 2025, I have received no notifications of accidental death or dismemberment for any of our members.

I have recently reached out to our AIL representative, Juan Barroso once again regarding an accidental death claim submitted by the wife of one of our deceased members back in March. When I contacted Juan back in June, he told me the claim was still pending, and as of the date of this report I still do not have an answer. I am reluctant to reach out to the wife of the deceased due to the length of time that has passed.

Respectfully submitted.
