PA MCL Foundation Report - Jan 2026

Since the October meeting, there has been one Humanitarian grant request issued through the Department of Veterans Affairs, and two potential aid requests directly from League members. I say potential, because while the Foundation has been contacted, the follow up has not occurred. Not on the part of the Foundation, but in one case the requester themselves and in the other we are still waiting to hear from the League member needing the assistance.

I said in October that I would have the breakdown of IMO account balances available for the January Quarterly meeting, however I did not realize at the time that the adjustments for investment interest and scholarship dispersals took place in January. I am almost done with those calculations now that statements are in and scholarships are complete for the year. If you want to see those balances, reach out and I will send them to you. I will not put them in this report as I do not want that information posted to the website.

The Foundation board will be meeting on Monday to discuss mostly routine business (budget, tax filings, and board appointments), but we will also be discussing outreach plans for the coming year. Further information on those plans will be shared as they are finalized.

The one thing I will continue to ask each of you is to spread the word that we exist. Not just to collect money for scholarships and humanitarian aid, but also so that we can provide aid when needed. The Foundation has money available to help people, but we can't help if you don't ask for it. However, when you ask, there are processes to follow. If you don't complete those processes, the Foundation can't release the money. All of the forms and instructions are on the Foundation website. The address is: <https://mclpafoundation.org>. You can also get to that page from the Department website by clicking on the Foundation logo on the left side of the Home page.
