Spring Quarterly Report:

Over half of this fiscal year has been put behind us, yet we all charge forward as if it was yesterday. I am very thankful for my Department Staff for all their hard work to date, but more importantly I am thankful for our Detachments that have been asking questions, learning new ways, sharing ideas and most of all attending Department meetings. I have met a lot of new members and look forward to meeting more!

Spring Quarterly Meeting is March 14th. The official agenda will be posted by the week's end on the Department Website as well as the Department Facebook page. Plan accordingly and don't miss the camaraderie and information sharing. Each Detachment is asked to bring at least ONE member to gather information and bring back to all the members.

Also start planning for your Northeast Division Conference May 15-16. ADVC Ziltz is looking forward to having classes on a variety of topics. You can find more information on the Division website at www.nedmcl.org.

I will continue to also ask every Detachment and MODD Pound to consider placing a supporting advertisement in the convention book. This helps offset costs for those attending and helps raise funds for this convention as well as the next. Remember those that secure a Commercial Advertisement will get ½ the cost returned to their Detachment (not to exceed \$75.00). This is an amazing opportunity to fundraise for your Detachment while allowing your local businesses to show their support.

I look forward to seeing all those in attendance very soon, and as always remember that YOU do not work for the MCL Department, WE work for you.

***Semper Fidelis is not just something we say, it's how we live
our lives each day ~ Always Faithful***
